Reasons for Allowance

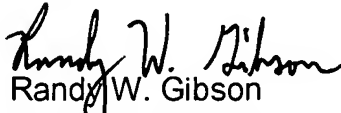

The following is an examiner's statement of reasons for allowance: applicant added language to claim 13 to specify that each of his struts (22) extend essentially "over the full distance between the shoes" which differ them from the struts (10) of Horsfall (GB 2,315,559 A) each of which extend only halfway (Figure 1). Claim 15 includes, *inter alia*, language about how each of the struts (22) are attached to each shoe which distinguishes them from the struts (10) of Horsfall. Claim 22 contains, *inter alia*, the additional limitation that the support shoes are modified to allow vertical adjustment.

Incidentally, the observation made by the applicant that the British patent examiner found claim 13 patentable as originally worded is not persuasive by itself since the patent statutes and common law judgments of the United Kingdom of Great Britton differ somewhat from the patent laws and judicial decisions of the United States and the applicant has not identified any specific statement made by the UK Patent Office that might be relevant to the patentability of the U.S. patent application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David S Martin can be reached on (571) 272-2107. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
